YOUR UNIT

In order to reserve a suitable pitch for you we need to know the dimensions of your caravan, motorhome or tent when booking. This guide below will help you work out which type of pitch you require. Our pitches do vary, we may be able to accommodate larger units, whilst some pitches may not suit your unit, so it is important to inform us when booking.

	Standard	Superior	Deluxe
Tent up to 6m x 4.5m	✓	✓	✓
Tent up to 7m x 5.5m	✗	✗	✓
Caravan up to 6m	✓	✓	✓
Caravan over 6m	✗	✗	✓
Motorhome up to 6m	✓	✓	✓
Motorhome over 6m	✗	✗	✓

If you have a unit that is too large for our pitches you may wish to reserve two adjoining pitches, please discuss this with us when booking.

Continental units fit differently onto pitches, therefore please make us aware of this at time of booking.

Caravan length refers to the external length including the A-frame in metres.
Motorhome length is the total external length in metres.

Tent sizes are for the overall pitching area in metres. The maximum dimensions are shown as depth by width, this may effect the orientation of your tent.

We allocate pitches at time of booking, therefore we need to know in advance if you are planning to bring an awning or pup tent, gazebo, extra car, or trailer.
